GEOMEGA RESOURCES INC.
Notes to Consolidated interim Financial Statements
November 30, 2015
(Unaudited, in Canadian Dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

Geomega Resources Inc. (the “Company”) is incorporated under the Canada Business Corporations Act and is engaged in the acquisition, exploration and evaluation of mining properties in Canada. The Company’s shares are listed on the TSX Venture Exchange under symbol GMA. The address of the Company’s registered office and principal place of business is 475 Victoria Avenue, Saint-Lambert, Quebec, Canada, J4P 2J1. These unaudited condensed interim financial statements were approved by the Company’s Board of Directors on January 27, 2016.

The Company has not yet determined whether its mineral properties contain ore reserves that are economically recoverable. The recoverability of the amounts shown for exploration and evaluation assets is dependent upon the ability of the Company to obtain necessary financing to pursue the exploration and evaluation on its mining properties.

These financial statements have been prepared on the basis of accounting principles applicable to a going concern, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they come due. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to twelve months from the end of the reporting period. For the six months ended November 30, 2015, the Company reported a loss of \$756,782 and an accumulated deficit of \$12,684,010 at that date. As at November 30, 2015, the Company had working capital of \$111,827 and cash and cash equivalents of \$346,781 of which \$159,864 is reserved for the Flow-through expenses. Management estimates that the working capital will not be sufficient to meet the Company’s obligations and commitments and budgeted expenditures through November 30, 2016. These circumstances lend a significant doubt as to the ability of the Company to ensure its continuity of operation and, accordingly, the appropriateness of the use of accounting principles applicable to a going concern.

Management is aware, in making its assessment, of material uncertainties related to events and conditions that may cast a significant doubt upon the Company’s ability to continue as a going concern as described in the preceding paragraph, and accordingly, the appropriateness of the use of accounting principles applicable to a going concern. These financial statements do not reflect the adjustment to the carrying values of assets and liabilities, expenses and financial position classifications that would be necessary if the going concern assumption was not appropriate. These adjustments could be material.

Any funding shortfall may be met in the future in a number of ways including but not limited to, the issuance of new equity or debt financing. While management has been successful in securing financing in the past, there can be no assurance that it will be able to do so in the future or that these sources of funding or initiatives will be available to the Company or that they will be available on terms which are acceptable to the Company. If management is unable to obtain new funding, the Company may be unable to continue its operations, and amounts realized for assets might be less than amounts reflected in the financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

Statement of Compliance

These condensed interim financial statements have been prepared in accordance with the *International Financial Reporting Standards* (“IFRS”) as issued by the *International Accounting Standards Board* (“IASB”) applicable to the preparation of interim financial statements, including *International Accounting Standard* (“IAS”) 34, *Interim Financial Reporting*. Accordingly, these condensed interim financial statements do not include all of the information and footnotes required by IFRS for complete financial statements for year-end reporting purposes.

Basis of Presentation

The condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended May 31, 2015, which have been prepared in accordance with IFRS as issued by the IASB. The accounting policies, methods of computation and presentation applied in these unaudited condensed interim financial statements are consistent with those of the previous financial year ended May 31, 2015.
